Instructions Please notify ARINC Industry Activities of your intention to attend by registering online at: <http://www.aviation-ia.com/events/>

Dress code for this meeting is business casual.

Comments or questions regarding any of the agenda items are invited. If you wish any material to be circulated prior to the meeting, please submit your proposals via e-mail to José Godoy by **February 7, 2012**. Material received after this date will not be available for review prior to the meeting.

The meeting is open to all interested parties. Individuals requesting time on the agenda should contact José Godoy. The agenda will be finalized one week prior to the meeting.

Activity Scope The Datalink activity develops and maintains standards that promote reliable, uniform, and cost efficient transfer of data between the aircraft and the ground. These standards cover the existing Aircraft Communications Addressing and Reporting System (ACARS) and the emerging Aeronautical Telecommunications Network (ATN) as defined by the ICAO SARPs.

Meeting Objectives The Joint RTCA SC-214 VDLSG – EUROCAE WG92/AEEC DLK Systems Subcommittee will discuss numerous documents:

- The group will review amendment proposals for the ICAO VDL Technical Manual, ICAO Doc 9776. The intent is to incorporate multi-frequency updates so the ICAO Technical Manual is aligned with **RTCA DO-224C** (VDLM2 MASPS), with **RTCA DO-281B** (VDLM2 MOPS) and with **ARINC Specification 631-6**.
- The group will discuss **RTCA DO-224C: Signal-In-Space Minimum Aviation System Performance Standards (MASPS) for Advanced VHF Digital Data Communications Including Compatibility with Voice Techniques**.
- The group will discuss **RTCA DO-281B: Minimum Operational Performance Standards (MOPS) for Aircraft VDL Mode 2 Physical, Link, and Network Layer** and **EUROCAE ED-92A: MOPS for Airborne VDL Mode 2 Transceiver operating in the frequency range 118-136.975 MHz**.
- The group will work on Draft 1 of **Supplement 1 to ARINC Specification 841: Media Independent Aircraft Messaging (MIAM)**.
- The group will discuss **Supplement 7 to ARINC Specification 618: Air-Ground Character-Oriented Protocol**.
- The group will review Draft 3 of **Supplement 7 to ARINC Specification 620: Data Link Ground System Standard and Interface Specification (DGSS/IS)**.
- The group will discuss the contents for **Supplement 7 to ARINC Specification 631: VHF Digital Link (VDL) Mode 2 Implementation Provisions**.

**Travel
Information**

The meeting site is less than 5 miles from the Luxembourg International Airport (LUX). From the Airport, you can take Bus 16 and get off at the “Erasme” bus stop. The bus leaves every 15 minutes and takes you to the EUROCONTROL Institute in roughly 10 minutes. Individual bus tickets can be bought from the bus driver. A Taxi cost is approximately 30 €.

A selection of hotels, with special EUROCONTROL rates is included in Attachment 1.
